

Weilbach SeaReader

Largest digital maritime library.

Stay compliant and always up to date

The challenges with paper publications

- Keeping publications current takes valuable crew time
- Managing multiple versions creates unnecessary complexity
- Finding the right information quickly can be difficult
- Manual updates increase the risk of inspection issues

Weilbach SeaReader eliminates these issues.

What you get with Weilbach SeaReader:

The largest maritime digital library – instant access to content from 70+ leading publishers including Witherbys, IMO, ITU, ICS, Nautical Institute and many more

IMO circulars and flag states – easy access to continuously updated circulars and regulations

Intelligent search engine – Q&A search tool across entire SeaReader content, circulars and flag state regulations

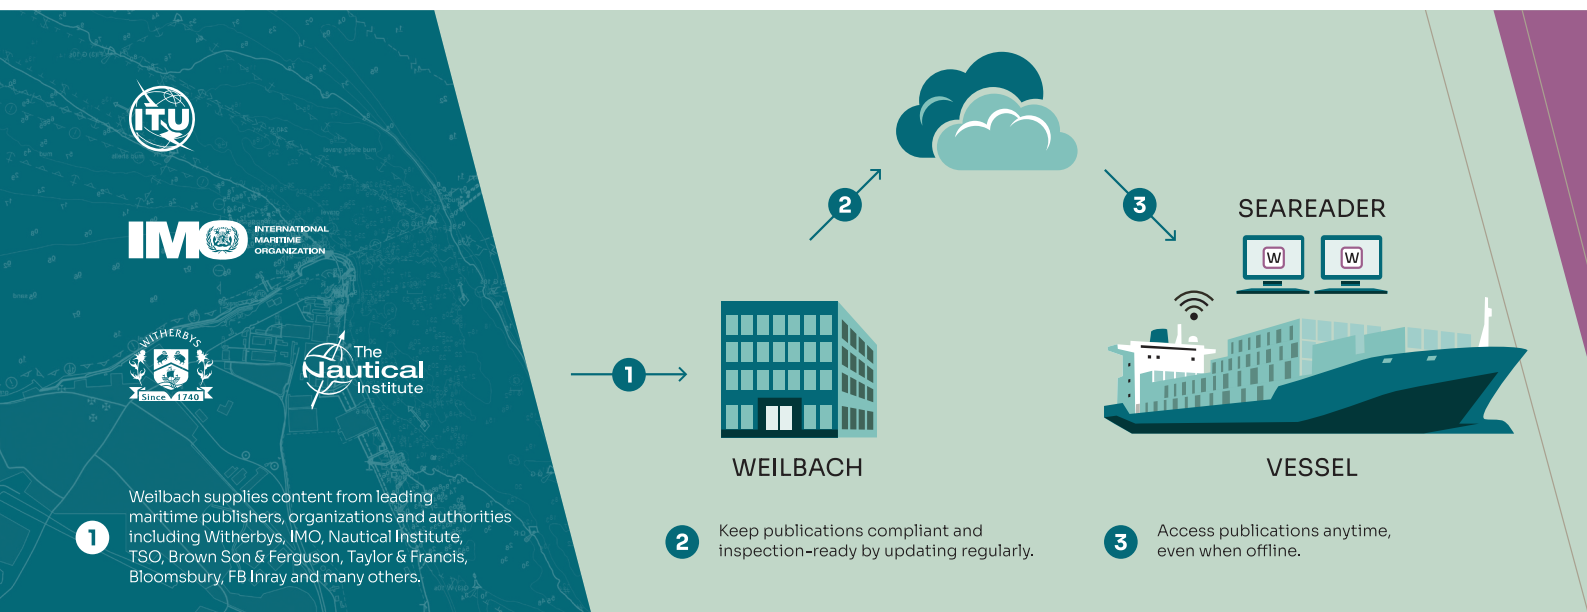

Fleet holding overview – shore sites have full access to complete publications held by each vessel

Internal document upload – shore site can upload own internal documents, manuals, SMS, SOP in SeaReader, all documents watermarked

No internet needed – your complete library is available at sea, in port and offline whenever you need it

Simpler compliance – manage publications, procedures, policies and certificates together in one secure platform

| 70+ publishers | Always updated | Approved by IMO and ITU |
